

EMERGENCY - ARE WE PREPARED?

The City and County of San Francisco recommends that residents be prepared to endure on their own for 72 hours after a major disaster without relying on city services, which may not be functioning.

Your 140 South Emergency Preparedness Committee is collecting basic information on the residents of each unit. We want this information so that, in case of an emergency, we can provide it to emergency personnel who need it. Knowing who lives in each unit, how to contact them, and any special needs they have could make a life and death difference in a disaster. We are working on other preparedness activities and will keep you informed.

We'd greatly appreciate it if you can fill out this form and return it **BY APRIL 15** to any of the following locations:
Units 343, 446, 504, 1047, or 1146, or Pressed Cleaners
